RESPIRATORY PRECEPTORSHIP BARCELONA

24 - 26 OCTOBER 2025

Vall d'Hebron Barcelona Hospital Campus

BARCELONA

Dear Colleagues,

It is with great pleasure that I welcome you to the **Respiratory Preceptorship Program in Barcelona**, taking place from **24th to 26th October 2025** at the **Vall d'Hebron University Hospital Campus**.

This year, we are honored to host **120 participants from various countries**, representing a diverse and dynamic group of professionals committed to advancing respiratory medicine. We are particularly pleased to welcome **38 esteemed colleagues from Turkey**, whose contribution to the scientific and clinical dialogue is highly valued.

The program offers a comprehensive and up-to-date overview of critical topics in respiratory medicine, including asthma, COPD, **asthma-COPD overlap syndrome (ACOS)**, and **bronchoscopic treatment strategies**, along with forward-looking sessions on **artificial intelligence in respiratory care** and **emerging therapies**.

Our aim is to provide not only cutting-edge scientific content but also a collaborative space for shared learning and professional networking.

The Vall d'Hebron University Hospital, one of Spain's leading academic institutions, is proud to host this event and provide a setting for both theoretical and practical learning, including a clinic visit on the final day.

On behalf of the organizing committee and our distinguished faculty, I warmly invite you to join us in what promises to be an engaging and inspiring scientific experience.

Looking forward to welcoming you in Barcelona.

Warm regards,

Dr. Marc Miravittles
Respiratory Preceptorship Scientific Committee
Vall d'Hebron University Hospital
Barcelona, Spain

RESPIRATORY PRECEPTORSHIP BARCELONA

24 - 26 OCTOBER 2025

Vall d'Hebron Barcelona Hospital Campus
