

MEDICAL EDUCATION NEUROVASCULAR EMEA AGENDA

ADVANCED COURSE FOR ACUTE ISCHEMIC STROKE MANAGEMENT

DR TOMASELLO & DR RIBO

Vall d'Hebron Barcelona Hospital, Spain

EVENING BEFORE DAY 1

Arrival of the participants

DAY 1

8:30 – 9:00	Meeting in the lobby of the hotel and transfer to the hospital	
9:00 – 9:30	Welcome and introduction to the workshop	Medtronic
9:30 – 11:30	Acute Stroke Care Symposium <ul style="list-style-type: none"> Planification of regional networks, interactions with government agencies Prehospital strategies to optimize management In-hospital workflows to crush time How much neuroimaging do we need? Organizing treating teams for 24/7 coverage 	Dr Abilleira Dr Molina Dr Rubiera del Fueyo Dr Vert
11:30 – 11:45	Coffee break	
11:45 – 13:30	In the angio-suite <ul style="list-style-type: none"> Tips & tricks to accelerate suite preparation Do we need an anesthesiologist and his protocols? Non conventional neuroimaging: Cone beam CT <ul style="list-style-type: none"> - pre/post - CTP post 	Dr Ribo Dr Tomasello Dr Zebdi
13:30 – 14:30	Lunch break	
14:30 - 15:30	Hospital pathway tour From Patient admission to Patient rehabilitation	Dr Tomasello Dr Ribo
15:30 – 17:30	The procedure <ul style="list-style-type: none"> Approaches to access the occlusion Devices: old, present and future tools The thrombectomy method: one size fits all? Third pass TICI=0, what can I do now? Learn from the cloth, before and after retrieval 	Dr Tomasello Dr Ribo Dr Pagola Dr Hernandez

AGENDA

DAY 1 - CONTINUED

17:30 – 17:45	Session closing – recap of the day	All
17:45	Return to the hotel	
19:30	Departure to dinner	
20:00	Dinner	

DAY 2

8:30 – 9:00	Meeting in the lobby of the hotel and transfer to the hospital	
9:00 – 9:30	Topics for discussion : <ul style="list-style-type: none"> Is there a role for intra-arterial drugs during the procedure: (vasodilators, lytics, neuroprotectants...)? The role of immediate imaging after thrombectomy 	Dr Ribo
9:30 – 11:00	Practical discussion – Part 1 Complex cases presentation by multidisciplinary teams Each team of neurologist/INR per center will present an AIS case <ul style="list-style-type: none"> Network organization : <ul style="list-style-type: none"> Challenges you meet in your center Patient pathway to improve Treatment algorithm and technique selection Mechanical thrombectomy procedure: technical aspects and complications 20 min presentation + 10 min discussion per team Format : Imaging – PowerPoint presentation	Dr Ribo Dr Tomasello Dr Hernandez
11:00 – 11:15	Coffee break	
11:15 – 13:00	Practical discussion – Part 2 Complex cases presentation by multidisciplinary teams	Dr Ribo Dr Tomasello
13:00 – 14:00	Debrief of the course & lunch	
14:00 onwards	Transfer to the airport
